Asset & Investment Management Experts for Investment Bank

Our client, an Investment Banking firm in Nigeria is looking to recruit exceptional candidates to further develop their Asset & Investment banking operations.

The candidates should be experienced in specific Investment fields and have relevant knowledge in general Asset Management and Equity.

The positions are listed below:

Investment Consultants: Educated with a degree in any of finance, mathematics or engineering. Experience in Corporate Advisory & Capital Issues would be ideal.

Equity Research: Educated with a degree in Finance, Investment, Actuarial Science, Economics etc. Knowledge of Macro Economic analysis a plus; 3-5 years Company and Industry valuation is a plus.

Fund Managers: Educated with any of Finance, Economics, and Engineering and experienced within Asset Management department of Investment firms in Nigeria or abroad.

Portfolio Managers: Degrees or an MBA in Finance, Investment, Economics and vast experience of managing portfolios in Nigeria/UK/US. Strong skills in Investment Management will be valued.

How to Apply: Candidates should send in a detailed CV with a very brief email, stating their **current salary** and what they expect, with the position as email title to recruitment@crexia.com

This application format is very important.

Note: Due to the high volume of applications we may receive, the recruitment process will involve the immediate screening of candidates that **do not** follow the basic application procedures. We will **ONLY** contact suitable candidates. Interviews will begin in **November 2008**.
